LANGA MANYOBA

Audio Designer

I am a passionate and versatile audio designer with experience in linear sound design, game audio, and broadcast content. My recent role has seen me working closely with development and marketing teams to craft immersive and compelling sonic stories. From concept through to completion, I am able to take direction and work cooperatively to deliver multiple AAA shipped titles.

Experience

Jan 2022 - Current

Frontier Developments | Full Audio Designer

Recorded, created, and mixed audio and voiceovers (VO) for multiple titles at Frontier. Collaborated with Development, Creative Services, and Publishing teams to deliver AAA audio assets for both existing and new titles.

- Warhammer Age of Sigmar: Realms of Ruin
- Elite Dangerous
- F1® Manager 22 and 23
- Planet Zoo
- Deliver Us Mars
- The Great War Western Front

2017 - Present

Big 5 Audio | Audio Creative

Managing the day to day running of my business. Working with new teams in various dynamics to deliver sound to picture, bespoke sample libraries, Kontakt Sample Libraries and more.

- Wavelet Audio, Groth, Trailer Box, Ashen Scoring Cello (Kontakt)
- A Letter to Black Men - Short Film
- Cinematic SFX Libraries for Radium Audio, Ninja, BPB and more
- Podcast Rocket, London Podcast Studio
- National Geographic - The Journey of Human Kind

2014 - 2015

Radium Audio | Sound Designer and Music Producer

I was brought in to offer specific assistance on various creative projects in development at the time. Working closely with the leads, I was tasked with asset design and tracklaying according to client briefs

- Nat Geo Wild - Big Cat Week
- Wiener Zeitung - Sonic Branding
- Developing and further expanding Radium Internal audio source
- Bespoke Trailer tracks and Music covers
